

HP DesignJet T1600 36-in PostScript Printer (3EK11A)

Overview

DESIGNED TO DELIVER—Extraordinary performance to move projects forward

Keep the project momentum. With radically simple solutions and the easiest PDF printing[1], it's easy for everyone to get great results every time. Meet deadlines with the fastest print speed in the most compact, quiet printer.[2]

EXPERIENCE SIMPLICITY—At the high-end

Adopt a smart workstyle with easy PDF printing using HP Click software. [1]

SECURE—World's most secure large-format printer[4]

Rely on the best network protection with features like HP Secure Boot and whitelisting.[4]

UNLEASH PERFORMANCE—To turn design into delivery

Showcase design versatility from precise line drafts to boldly colored 3D renders, with HP Bright Office Inks.

[1] Compared to Canon Direct Print & Share and based on "One Click Print." Once image is selected, one-click printing when printing the entire file without any modifications to the print settings. Applicable to PDF, JPEG, TIFF, DWF, HP-GL/2 files.

[2] Based on comparable large-format inkjet printers under \$12,000 (USD) as of December, 2018. IDC figures show that Canon, Epson, and HP combine for 98% share of this printing category worldwide as of Q3, 2018. Fastest print speed based on sustained printing speeds. Most compact footprint calculated using all devices in "Operation mode" with an Open Basket and the arm of the Screen (front panel) spread out to enable user interaction. Most quiet according to internal HP testing of sound pressure level during operating mode (plain paper, line drawing, Normal mode) compared to published specification of competitive printers. Percentage calculations of noise based on lineal units vs. Canon TX-3000 published spec of 51dB(A).

[4] Advanced embedded security features are based on HP review of 2019 published embedded security features of competitive printers, as of February 2019.

Specifications
